

ST. JOHN'S PREP VISUAL & PERFORMING ARTS

We are living through a unique moment in history. Daily life looks very different now in schools, homes, parks, grocery stores, and streets throughout the world.

SJP's Visual and Performing Arts Programs wants you to document and share your unique perspective of what life looks like amid the pandemic in the *SJP Strong: Sharing Our Perspectives* photography project.

This project is an opportunity for us to come together as a community, independent of the learning format you are following, which cohort you are in, or what grade you are in. This is an opportunity for everyone to share their perspective and celebrate each other's unique take on this challenging moment in history.

Using photo documentation, capture an image that shows how things are different right now in your world.

Some questions to reflect upon:

How does your routine, lifestyle, or places around you look different than from before the pandemic? How has it affected/impacted your life? How has your life changed since COVID? Think about your school life, home life, transportation, & neighborhood (places around you).

***SJP Strong: Sharing Our Perspectives* is a Photo contest, and the ten most unique and powerful photos will be printed and hung on display here at SJP and will be highlighted in the school yearbook. In addition, the students who took the top 3 photos will receive a prize.**

The intention is that this project will culminate in an online exhibition on the SJP website dedicated to the contest.

RULES OF ENTRY:

- ⇒ This needs to be an original photo taken by YOU.
- ⇒ If you upload a photo that has another SJP student in it, you need this person's permission to post it.
- ⇒ If any photo is uploaded from an email that is not a school email, the photo will be deleted.
- ⇒ Give your photo a title.

Submission details:

Please upload 1 photo from your SJP email to the folder below to participate in the contest:
